EYAL G. FRANK

CV

Office 2057, 1307 E. 60th Street. Chicago, IL 60637, USA.

E-Mail: eyalfrank@uchicago.edu

Website: www.eyalfrank.com

ACADEMIC POSITIONS

- 2018-Present Assistant Professor
 Harris School of Public Policy
 University of Chicago
- 2017-2018: Postdoctoral Research Associate
 School of Public and International Affairs
 Princeton University

AFFILIATIONS

- 2019-2022 Beijer Young Scholar, Beijer Institute, Royal Swedish Academy of Sciences
- 2018-Present Energy Policy Institute (EPIC), University of Chicago

EDUCATION

- 2017: Ph.D. Sustainable Development, Columbia University
- 2012: M.A. Economics, Hebrew University
 Joint Research-M.A. program with Tel Aviv University, Israel
- 2010: B.Sc. Environmental Sciences and Economics, Hebrew University
 Magna Cum Laude

WORKING PAPERS

“The Economic Impacts of Ecosystem Disruptions: Costs from Substituting Biological Pest Control”

“The Social Costs of Keystone Species Collapse: Evidence From The Decline of Vultures in India” (with Anant Sudarshan) *Conditionally Accepted at The American Economic Review*

“Regulating Biological Resources: Lessons from Marine Fisheries in the U.S.” (with Kimberly Lai Oremus) *Revisions requested at The Review of Economic Studies*

“The ‘Golden Age’ of Pesticides? Trade-offs of DDT and Health in the US” (with Charles A. Taylor)

“Chinese live animal imports fell following the SARS epidemic, but only temporarily” (with Jonathan Colmer)

“The Cost of Species Protection: The Land Market Impacts of the Endangered Species Act” (with Maximilian Auffhammer, David W. McLaughlin, Beia Spiller, and David L. Sunding)

“Reversing Local Extinctions: The Economic Impacts of Reintroducing Wolves in North America” (with Anouch Missirian, Jennifer Raynor, and Dominick Parker)

WORK IN PROGRESS

“Escaping a Negative Marginal Return Equilibrium: Evidence From Vietnam’s Pesticide Use” (with Fiona Burlig, and Jaehyun Jung)

“Land-Use Restrictions and Perverse Incentives: Using Machine Learning to Evaluate the Endangered Species Act from High-Frequency Satellite Data”(with Sushant Banjara, and Anouch Missirian)

“The Economic Costs of Climate Change From Ecosystem Disruptions: Evidence From Forest Defoliation Outbreaks in the United States” (with Sushant Banjara, Greg Dwyer, and Andrew M. Liebhold)

PUBLICATIONS

“Underfished or Unwanted? Much blame cast upon fisheries policy may be misguided.” (2023). Oremus, K. L., E. G. Frank, J. J. Adelman, S. Cruz, J. Herndon, B. Sewell, and L. Suatoni. *Science*, 380(6645): 585-588.

“Correspondence: Challender et Al. (2021) Misinterpret the Recommendations Regarding an IUCN-CITES Interface in Frank and Wilcove (2019) and Advocate Poor Policy.” 2022. E.G. Frank, D. S. Wilcove. *Conservation Letters*, January.

“Labor Market Impacts of Land Protection: The Northern Spotted Owl.” 2021 A.E. Ferris,

E.G. Frank. *Journal of Environmental Economics and Management*, 109:102480.

“Biodiversity and thermal ecological function: The influence of freshwater algal diversity on local thermal environments.” 2019. A. Missirian, E.G. Frank, J.T. Gersony, J.C.Y. Wong, S. Naeem. *Ecology & Evolution*, 00:1-10.

“Long delays in banning trade in threatened species.” 2019. E.G. Frank, D.S. Wilcove. *Science*, 363(6428): 686-688.

“Balancing economic and ecological goals.” 2016. E.G. Frank, W. Schlenker. *Science*, 353(600): 651-652.

“Particulate Matter Concentrations, Sandstorms and Respiratory Hospital Admissions in Israel.” 2015. A. Ebenstein, E.G. Frank, Y. Reingewertz. *Israeli Medical Association Journal*, 17:628-632.

“Tide gauge location and the measurement of global sea level rise.” 2015. M. Beenstock, D. Felsenstein, E.G. Frank, Y. Reingewertz. *Environmental and Ecological Statistics*, 22(1): 1-28.

GRANTS, AWARDS & HONORS

External

2022: Property and Environment Research Center: Lone Mountain Fellowship.

2021: USDA-NIFA: The Economic Disamenities and Health Impacts of Animal Feeding Operations’ Practices in the United States (\$596,078)

NRDC: U.S. Fisheries Management and Long-Term Trends (\$42,775)

2021: NSF-OPUS: Understanding How Climate Change Will Alter the Ability of Pathogens to Control Gypsy Moth Populations, and the Consequences for Forest Economics (\$328,466)

2018: BARD-ISUS: Climate change and the dairy sector in Israel and the US (\$200,000)

2017: Wallace E. Oates Outstanding Doctoral Dissertation Award

Internal

2022: Overuse of a profitable technology? Estimating the impacts of pesticide reductions on agriculture and health in Vietnam. BFI Griffin Incubator Program (\$7,500).

The Cost of Species Protection: The Land Market Impacts of the Endangered Species Act. BFI Data Acquisition Grant (\$19,000).

2021: Understanding How Climate Change Will Alter the Ability of Pathogens to Control Gypsy Moth Populations, and the Consequences for Forest Economics. BFI Griffin Incuba-

tor Energy Challenge Renewal (\$50,000).

Land-Use Restrictions and Perverse Incentives: Using Machine Learning to Evaluate the Endangered Species Act from High-Frequency Satellite Data. BFI Griffin Incubator Data Revolution Challenge (\$45,000).

2020: Understanding How Climate Change Will Alter the Ability of Pathogens to Control Gypsy Moth Populations, and the Consequences for Forest Economics. BFI Griffin Incubator Energy Challenge (\$25,000).

Monitoring Biodiversity Using Acoustic Data in the United States. UChicago's Joint Task Force Initiative (\$50,000).

2019: The social impacts of vulture declines in India. Tata Centre for Development at UChicago (\$20,000).

INVITED PRESENTATIONS

2023:	UC San-Diego (Environmental and Resource Economics Seminar); Stanford (Rosenkranz Global Health Policy Research Symposium); Stanford (Ecology and Evolutionary Biology); Oregon State University (Applied Economics); University of Wisconsin Madison (Forest and Wildlife Ecology); University of Arizona (Economics); Massachusetts Institute of Technology (Energy and Environmental Economics Seminar); Economics and Marine Resource Management session at ASSA; AERE Environment, Pollution, and Health Session at ASSA.
2022:	Planetary Management Seminar; University of San Francisco (Economics); NBER Spring Meeting, Environmental and Energy Economics; Ottawa Applied Microeconomics Seminar; LEEDout Seminar; Paris School of Economics, Annual Conference on Global Issues; BIOECON Conference (Keynote); LSE Environment Week; Canadian Resource and Environmental Economics Association Conference; Heartland Environmental and Resource Economics Workshop at UIUC; The Economics of Nature and the Nature of Economics (LSE); Southern Economic Association Conference.
2021:	AERE Biodiversity Session at ASSA; Hebrew University of Jerusalem (EEM); UC Santa Barbara (Bren School); NAREA Conference; LSE Environmental Economics Workshop; NBER Summer Institute, Environmental and Energy Economics; BIOECON Conference; LSE (Geography & Environment); Cambridge (Conservation Initiative Seminar Series).
2020:	AERE Fishery Economics Session at ASSA, Annual Conference of the Western Economic Association International (AERE Sessions); University of Wisconsin Madison (AAE).
2019:	University of Illinois (ACE); Resources for the Future; World Bank; UC Davis (Environment & Energy); Incentives for Wildlife Workshop (PERC), Heartland Environmental and Resource Economics Workshop; Columbia University (Center for Environmental Economics & Policy); Indiana University (Young Scholars Symposium on Natural Resource, Ostrom Workshop).
2018:	Columbia University (Sustainable Development); UC Berkeley (Energy and Environment); Environmental Defense Fund.
2017:	The Occasional Workshop on Environmental and Resource Economics, UC Santa Barbara; Cornell University (Dyson School); Environmental Defense Fund; University of British Columbia (Food and Resource Econ.); University of Oregon (Econ.); New York University (Policy Integrity); University of Chicago (Harris School); Mississippi State University (Ag. Econ.)
2016:	Population Health Sciences Research Workshop; Annual Conference of the Western Economic Association International (AERE Sessions)
2015:	The Occasional Workshop in Environmental and Resource Economics, UC Santa Barbara; NBER Summer Institute, Environmental and Energy Economics, Egg-Timer Session

SERVICE

Referee: *American Economic Journal: Public Policy*, *American Economic Journal: Applied Economics*, *American Economic Review: Insights Biological Conservation*, *Environmental and Resource Economics*, *Food Policy*, *Journal of Political Economy*, *Journal of the Association of Environmental and Resource Economists*, *Journal of Environmental Economics and Management*, *Review of Economics and Statistics*, *Quarterly Journal of Economics*, *Science*.

University of Chicago

2019-2022: Co-organizer of the EPIC Seminar

Columbia University

2016: Co-organizer of the Sustainable Development Research & Symposium

2014: Co-organizer of the Interdisciplinary PhD Workshop on Sustainable Development

2014: Co-organizer of the 10 Years Event for the Sustainable Development Program

TEACHING & RESEARCH EXPERIENCE

Teaching, Harris School of Public Policy

2018-2022: Statistics for Data Analysis I (MPP)

2018-2020: Lessons From Policies That Went Wrong (MPP)

2020: Data Analytics I
